

TECHNICAL SPECIFICATIONS

Bulk Bag Food certified 91X91X160 1250kg leakproof

Ref : BBS91X91X160-4S-1250-A-GR-GV-C ID263

Dimensions	
Length (*)	91 cm
Width (*)	91 cm
Height (*)	160 cm
Volume (*)	1,32 m3
Type of construction	UPanel production
Classification of use SF	5/1

(*) +/- 5%.

Safety Weight Load	
Maximum work load	1250 kg
Reusable following classification : 5/1	No

Material	
Raw Material	PolyPropilene laminated - coated
Colour of the canvas	White
Brand and/or logo printed	None

Filling	
Type	Filling Spout
Dimensions	40X50
Closing links	2

Discharging	
Type	Discharge spout
Dimensions	35X50
Closing Links	2

Lifting point	
Number of loops	4
Type of loops	sewn into the corners
Length (cm) (*)	30

(*) +/- 5%.

Information

All our Big Bags for the agricultural world are "Food Contact" approved. You can find our certificate directly accessible for download in the "Technical Data Sheet" tab.

We also have a "Certified Food" also called Food Grade classification.

Certified Food Bulk Bag are produced in a so-called "clean" room, with a controlled atmosphere. Bulk bags produced under these conditions are also checked 1 to 1 and cleaned a second time inside in order to limit impurities and microfiber as much as possible.

Our Food Grade Bags are recognizable by their reference. An "A" is present just after the mention of safety resistance such as :

BBS100X100X150-4S-1250-**A**-GR-GV-C.

To keep in mind

- Resistance : 1250 kg
 - Volume : 1,324959999999999 m3 (1324,959999999998 liters)
 - Filling Spout
 - Discharge spout
 - 4 loops sewn into the corners
 - **Printing : No Brand or Logo printed – Fully Neutral**
-
- Food Grade
 - Clean room manufacturing
 - For food and clean rooms
